

# CERTIFICATE

## OF A CERTIFIED LICENSE ISSUANCE

This certificate is issued by the International Licensing Organisation (The ILO) to confirm the license status of the following license:

### #LAGITX020424 - iLamp Texas Territorial License

We hereby certify that the licenses issued by Conflow Power Group have obtained Official License Status, acknowledging their compliance with The ILO's territorial licensing framework.

We confirm that the license has been issued in strict accordance with the licensing requirements established by the International Licensing Organisation. This license is duly recognized and exempt from franchise law, as they conform to the guidelines and regulations set forth by The ILO.

The legal status of the licenses is firmly governed by commercial law, ensuring that all transactions and operations conducted under these licenses are in full compliance with the applicable legal framework. This adherence to commercial law guarantees a secure and reliable business environment for both licensors and their licensees.

Licenses validated by the International Licensing Organisation meet and surpass the rigorous requirements set forth by our organisation, passing a comprehensive evaluation process.

We congratulate the above entities for their achievement in obtaining licenses that exemplify the highest standards upheld by the International Licensing Organisation.

**Certified by:**
